Floods in Latvia

Spring floods in Latvia (July 2010) (Apr 2013)

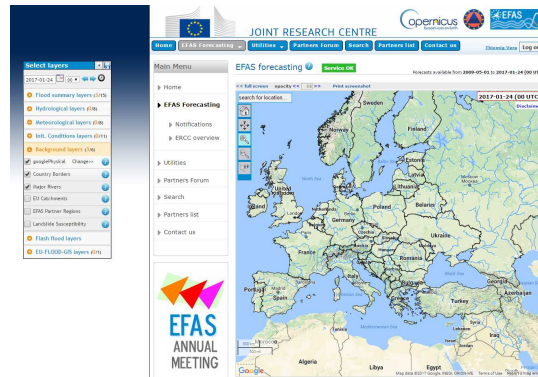

Source:

Flood forecasting

Who of you has heard of the **European Flood Awareness System (EFAS)**?

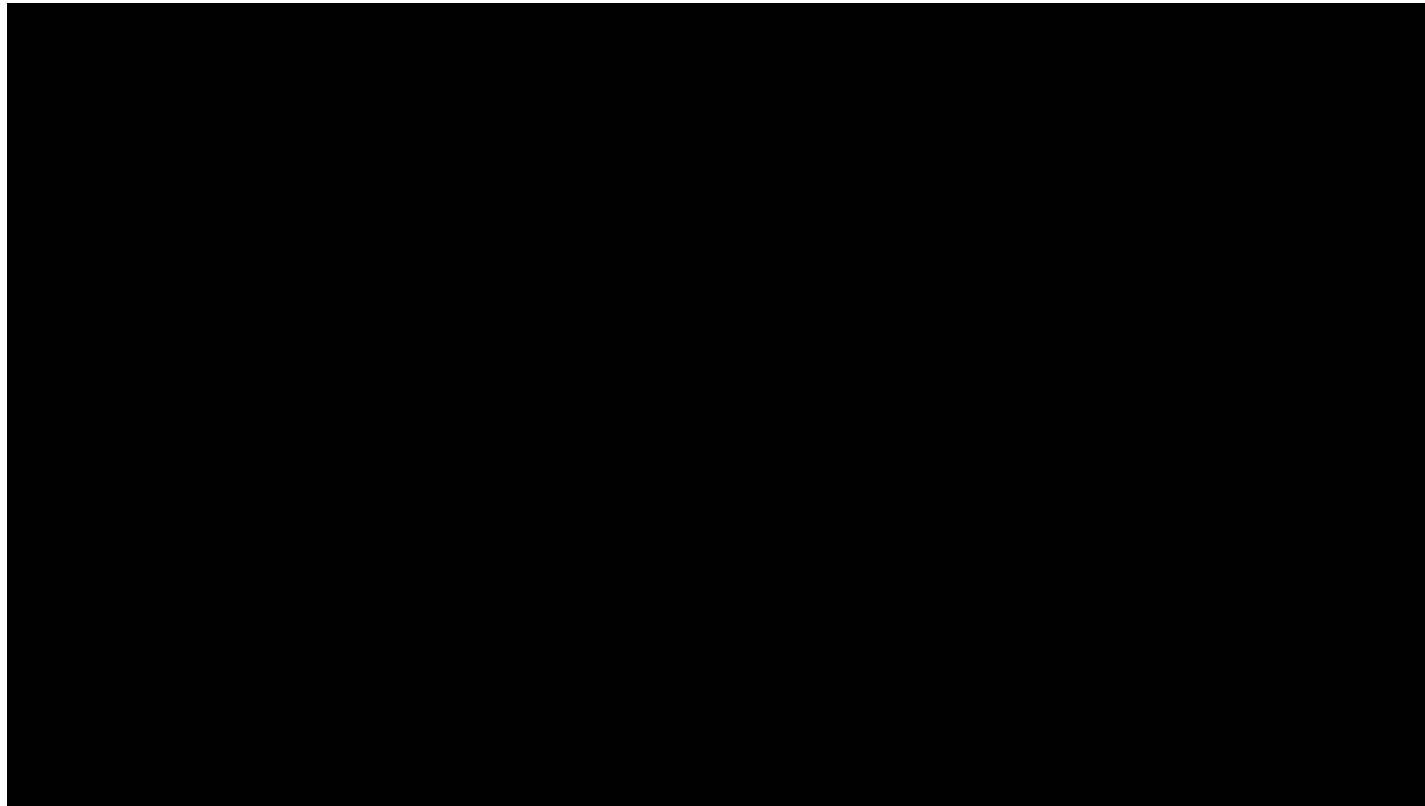

Objective of this presentation!

- 1) **To create awareness of EFAS** as added-value service for you, and also as networking and knowledge centre.
- 2) **To convince the Latvian civil protection service to join as EFAS partner**

Emergency
Management

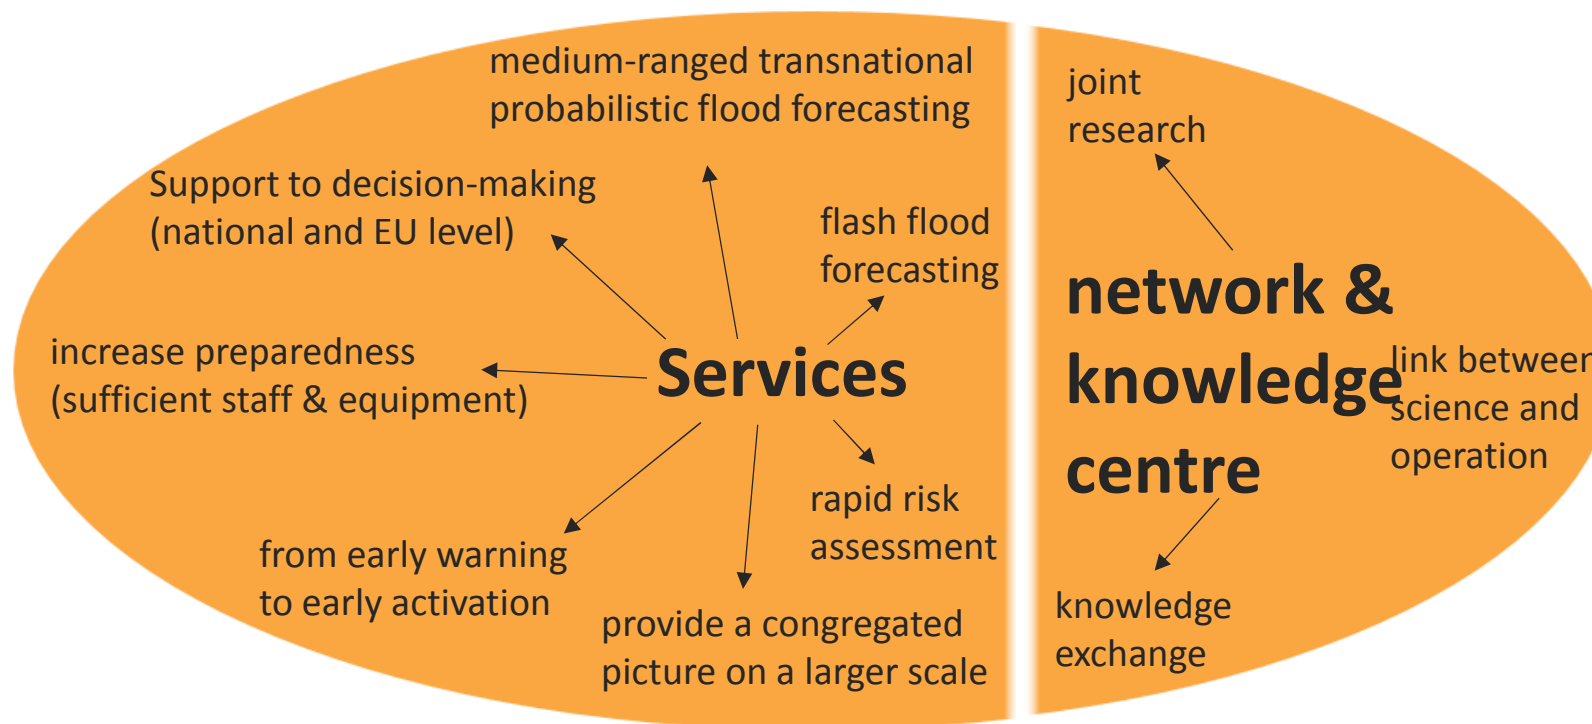

EFAS – setup and functionality

Emergency
Management

Key added-value of EFAS

Emergency
Management

Take-home messages

You would like to know more about EFAS as added-value service for you, and also as networking and knowledge centre?

Please go to www.efas.eu

You would like to become EFAS partner?

Please contact the EFAS team under info@efas.eu
